Message from Mayor, Junichiro Hoshino

Mr. Kiyoshi Yamashita, who is well known as a naked general and/or a wandering painter, used to work in Abiko. In the TV drama titled as "Naked General Wandering Record", the stories which he experienced at his wanderings were broadcasted. But I hear many Abiko citizens regret that no scene about his activities in Abiko has been shown. At the Kiyoshi Yamashita Exhibition, the lithograph of Mt. Fuji which is now displayed in the Mayor's room will also be exhibited. Every time I see this lithograph, it recalls me to the president of Yayoi-Ken who employed Mr. Kiyoshi Yamashita and never fired him despite his frequent wanderings and other employees of Yayoi-Ken as well as local people who warmly welcomed him. Earnestly I'm looking forward to your visit to "Kiyoshi Yamashita Exhibition" for the wandering genius painter who lived in the era of Showa.
