

## A Message from the Mayor

Welcome to Abiko City.

Foreigners living in Japan may face difficulties and inconveniences in their daily lives because of language problems and unfamiliar customs. It is to extend a warm welcome and assist these foreigners in living comfortably in Abiko that “Living in Abiko” was produced. I hope this booklet may serve you as a reference source for public services and facilities, and notable spots in the city.

Hirohiko Fukushima, Mayor of Abiko City
